MSBA/MASA Model Policy 534

Orig. 2017

Revised: February 22, 2023

Rev. 2022

534 UNPAID MEAL CHARGES

[Note: United States Department of Agriculture (USDA) Policy Memorandum SP 46-2016 requires all School Food Authorities (i.e., school districts) operating federal school meal programs to have a written and clearly communicated system to address unpaid meal charges by July 1, 2017. USDA Policy Memorandum SP 23-2017 clarified that school districts could adopt a “policy” or “standard practice.” Although this document is styled as a “policy,” school districts may establish and implement a set of written procedures instead of a policy, provided that the written document explains how the school district will handle situations where students eligible to receive reduced-price or paid meals do not have money in their account or in hand to cover the cost of their meals at the time of service. The policy or standard practice must be implemented throughout the school district.] [Note: In 2021, the Minnesota legislature amended Minnesota Statutes section 124D.111, that now states that Minnesota school districts that participate in the national school lunch program must adopt a school meals policy].

[Note: This MSBA/MASA model policy is drafted to be consistent for all grade levels. However, local school districts may vary the meal charge policy for elementary, middle, and high schools.]

[Note: School districts must follow appropriate debt collection practices when attempting to recover unpaid meal charges.]

I. PURPOSE

The purpose of this policy is to ensure that students receive healthy and nutritious meals through the school district’s nutrition program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day and minimize identification of students with insufficient funds to pay for school meals as well as to maintain the financial integrity of the school nutrition program.

II. PAYMENT OF MEALS

- A. Students have use of a meal account. When the balance reaches zero, a student may charge *no more than \$20.00* to this account. When an account reaches this limit, a student shall not be allowed to charge further meals or any a la carte items/snacks until the negative account balance is paid.
Families may add money to their lunch account several ways:

1. Pay Online: Families must have an email address and have set up their account using their Family Key letter to pay online. If they have not already set up their lunch account online, contact Terri in the District Office at 320-468-6458 ext. 1907. The website to pay online is: <https://www.pierzschoolspayonline.org/Default.aspx>
 2. Families may mail a check made payable to Pierz ISD 484, 112 Kamnic Street, Pierz MN 56364.
 3. Families may drop off or send a check/cash with their student to either the High School or Elementary building.
- B. If the school district receives school lunch aid under Minn. Stat. § 124D.111, it must make lunch available without charge to all participating students who qualify for free or reduced-price meals regardless of account balance.
- C. A student with an outstanding meal charge debt will be allowed to purchase a meal if the student pays for the meal when it is received.
- D. A student who has been determined to be eligible for free and reduced-price lunch always must be served a reimbursable meal even if the student has an outstanding debt.
- E. Once a meal has been placed on a student's tray or otherwise served to a student, the meal may not be subsequently withdrawn from the student by the cashier or other school official, whether or not the student has an outstanding meals balance.
- F. When a student has a negative account balance, the student will not be allowed to charge a snack item.
- G. If a parent or guardian chooses to send in one payment that is to be divided between sibling accounts, the parent or guardian must specify how the funds are to be distributed to the students' accounts. Funds may not be transferred between sibling accounts unless written permission is received from the parent or guardian.

III. LOW OR NEGATIVE ACCOUNT BALANCES – NOTIFICATION

- A. The school district will make reasonable efforts to notify families when meal account balances are low or fall below zero.
- B. Families will be notified of a low balance once the balance reaches \$5.00 or less. Once the balance is negative, families will be notified on a daily basis until the account is paid in full.

Families will be notified by automated phone calls and emails from the school. A letter will be mailed home to the family if no response or action has been taken to bring the lunch account into the positive.

A balance notification email will go out to all families at the end of the week who have provided an email address.

- C. Reminders for payment of outstanding student meal balances will not demean or stigmatize any student participating in the school lunch program, including, but not limited to, dumping meals, withdrawing a meal that has been served, announcing or listing students' names publicly, or affixing stickers, stamps, or pins.

IV. UNPAID MEAL CHARGES

- A. The school district will make reasonable efforts to communicate with families to resolve the matter of unpaid charges. Where appropriate, families may be encouraged to apply for free and reduced-price meals for their children.
- B. The school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. Unpaid meal charges are designated as delinquent debt when payment is overdue, the debt is considered collectable, and efforts are being made to collect it.
- C. Negative balances of more than \$50.00 not paid prior to the end of the month will be turned over to the principal's designee for collection. Collection options may include, but are not limited to, use of collection agencies, claims in the conciliation court, or any other legal method permitted by law.
- D. The school district may not enlist the assistance of non-school district employees, such as volunteers, to engage in debt collection efforts.
- E. The school district will not impose any other restriction prohibited under Minnesota Statutes section 123B.37 due to unpaid student meal balances. The school district will not limit a student's participation in any school activities, graduation ceremonies, field trips, athletics, activity clubs, or other extracurricular activities or access to materials, technology, or other items provided to students due to an unpaid student meal balance.

V. COMMUNICATION OF POLICY

- A. This policy and any pertinent supporting information shall be provided in writing (i.e., mail, email, back-to-school packet, student handbook, etc.) to:
 - 1. all households at or before the start of each school year;

2. students and families who transfer into the school district, at the time of enrollment; and
 3. all school district personnel who are responsible for enforcing this policy.
- B. The school district will post the policy on the school district's website, in addition to providing the required written notification described above.
- C. If the school district contracts with a third party for its meal services, it will provide the vendor with its school meals policy. The school district will ensure that any third-party provider with whom the school district enters into either an original or modified contract after July 1, 2021, adheres to the school district's school meals policy.
